**ABOUT**

**MAF**

**GENERAL TRADING LLC**

At M.A.F General Trading LLC, we are committed to providing superior value in our services on a continuing basis. We believe in building mutually beneficial and enduring relationships with all of our clients, based on conducting business activities with integrity and respect.

Our multifaceted team of several talented individuals, offers a range of unique, specialist skills in Interior Design, resulting in an outstanding portfolio of commercial projects. Additional creative support is provided by our in-house 3D visualization ensuring a seamless client experience every time.

We understand that every new appointment is an opportunity to create something that is both extraordinary and unique within a design that is effective, practical and smart. Whether it's a striking new-build home, a beautifully restored period property, a luxury hotel or a hospitality suite at a sporting venue - a project's natural starting point is always the client. A bespoke team will be dedicated to every project to manage each stage within a carefully coordinated program. Design is key, but the completion of every project on time and on budget is just as fundamental to our work.
